Journal of Visual Impairment & Blindness
VOLUME 103, 2009

INDEX
SUBJECTS and NAMES

ACCESSIBILITY
Accessibility of e-Learning and Computer and Information Technologies for Students with Visual Impairments in Postsecondary Education—September 543–557
Challenges and Solutions in Teaching Braille in an Online-Education Model—February 78–80
Editor's Page—April 195, September 515
Guest Editors' Page—October–November 579–580
Methods of Reading Information on Labels of Prescription Medications by Persons Who Are Visually Impaired—May 303–308
The Quality of Brailled Instructional Materials Produced in Texas Public Schools—October–November 722–733
Reading Media Used by Higher-Education Students and Graduates with Visual Impairments in Greece—December 772–777
Space Unseen: A Case Study of Renovations to a Shared Living Space by Four People with Visual Impairments in Taiwan—September 568–573
A Study of Multifunctional Document Centers That Are Accessible to People Who Are Visually Impaired—April 223–229
Universal Design: Online Educational Media for Students with Disabilities—August 495–500

ADAPTIVE DEVICES
Perception of Synthetic and Natural Speech by Adults with Visual Impairments—July 403–414
Tactile Classification of Traditional and Computerized Media in Three Adolescents Who Are Blind—July 430–435

ADJUSTMENT
Family Functioning and Low Vision: A Systematic Review—March 137–149
Hope and Social Support in Adults Who Are Legally Blind at a Training Center—August 500–504

ADOLESCENTS
Factors Affecting the Successful Employment of Transition-Age Youths with Visual Impairments—June 329–341
Hope and Social Support in Adults Who Are Legally Blind at a Training Center—August 500–504

AGE-RELATED MACULAR DEGENERATION
Eccentric Viewing Training in the Home Environment: Can It Improve the Performance of Activities of Daily Living?—May 277–290
The Effect of an Educational Program for Persons with Macular Degeneration: A Pilot Program—April 234–240

AGING
Effectiveness of Assistive Technologies for Low Vision Rehabilitation: A Systematic Review—April 210–222

ALLEN, ANN
Policy Analysis of Science-based Best Practices for Students with Visual Impairments—February 113–117

AMATO, SHEILA
Challenges and Solutions in Teaching Braille in an Online-Education Model—February 78–80

AROUND THE WORLD
An Investigation of the Height of Embossed Braille Dots for Labels on Pharmaceutical Products—October–November 662–667
Reading Media Used by Higher-Education Students and Graduates with Visual Impairments in Greece—December 772–777
A Survey of Daily Trips of Persons Who Are Visually Impaired Living in Communities in Japan—December 766–772

ASHWORTH, MELODY
Characteristics of Individuals with Congenital and Acquired Deaf-Blindness—February 93–102
Development and Psychometric Properties of a Standardized Assessment for Adults Who Are Deaf-Blind—January 7–16

ASSESSMENT
Assistive Technology for Students Who Are Blind or Visually Impaired: A Guide to Assessment, by Presley & D'Andrea. Reviewed by Karyl Loux—June 379–380
Characteristics of Individuals with Congenital and Acquired Deaf-Blindness—February 93–102
Development and Psychometric Properties of a Standardized Assessment for Adults Who Are Deaf-Blind—January 7–16
Does Knowledge of Spatial Configuration in Adults with Visual Impairments Improve with Tactile Exposure to a Small-scale Model of Their Urban Environment?—April 199–209
Editor's Page—January 3, April 195
The Impact of War and Economic Sanction on the Incidence of Retinopathy of Prematurity in Serbia—March 162–172
An Investigation of Spelling in the Written Compositions of Students Who Read Braille—October–November 668–679
The Need for a Uniform Method of Recording and Reporting Functional Vision Assessments—June 367–371
Supporting Students' Literacy Through Data-Driven Decision-Making and Ongoing Assessment of Achievement—March 133–136

©2009 AFB, All Rights Reserved

Unique Considerations for Assessing the Learning Media of Students Who Are Deaf-Blind—April 241–245
A Wheelchair User with Visual and Intellectual Disabilities Managing Simple Orientation Technology for Indoor Travel—May 308–313

ASSISTIVE TECHNOLOGY
Assistive Technology Competencies for Teachers of Students with Visual Impairments—August 457–469
Assistive Technology for Students Who Are Blind or Visually Impaired: A Guide to Assessment, by Presley & D'Andrea. Reviewed by Karyl Loux—June 379–380
Assistive Technology in Teacher-Training Programs: A National and International Perspective—September 562–568
Effectiveness of Assistive Technologies for Low Vision Rehabilitation: A Systematic Review—April 210–222
Filling the Gaps for Indoor Wayfinding—April 229–234
Guest Editor's Page—August 451
The Impact of Electronic Mobility Devices for Persons Who Are Visually Impaired: A Systematic Review of Effects and Effectiveness—December 743–753
Reading Media Used by Higher-Education Students and Graduates with Visual Impairments in Greece—December 772–777
Use of Assistive Technology by Students with Visual Impairments: Findings from a National Survey—August 470–480

ASUNCION, JENNISON V.
Accessibility of e-Learning and Computer and Information Technologies for Students with Visual Impairments in Postsecondary Education—September 543–557

AUDIO DESCRIPTION
"Suit the Action to the Word, the Word to the Action": An Unconventional Approach to Describing Shakespeare's Hamlet—March 178–183

BAMBARA, JENNIFER K.
Family Functioning and Low Vision: A Systematic Review—March 137–149

BARCLAY, LIZBETH
Social Experiences of Beginning Braille Readers in Literacy Activities: Qualitative and Quantitative Findings of the ABC Braille Study—October–November 680–693

BARILE, MARIA
Accessibility of e-Learning and Computer and Information Technologies for Students with Visual Impairments in Postsecondary Education—September 543–557

BARLOW, JANET M.
Impact of Curb Ramps on the Safety of Persons Who Are Blind, by Bentzen & Barlow, July–August 1995, *JVIB*. Recommended by Dona Sauerburger—July 437–439

BELL, EDWARD
Participation of Parents in the Early Exploration of Tactile Graphics by Children Who Are Visually Impaired—October–November 625–634

BENTZEN, BILLIE LOUISE
Impact of Curb Ramps on the Safety of Persons Who Are Blind, by Bentzen & Barlow, July–August 1995, *JVIB*. Recommended by Dona Sauerburger—July 437–439

BESDEN, CHERYL
Design of a Map and Bus Guide to Teach Transferable Public Transit Skills—May 267–270

BIOGRAPHIES AND AUTOBIOGRAPHIES
Past and Present Remembrances of Louis Braille—January 5–6, 64

BLANKENSHIP, KAREN E.
Expanded Core Curriculum: 12 Years Later—February 103–112
Looking Backward to Move Forward—August 452

BOGART, DARLEEN
Unifying the English Braille Codes—October–November 581–583

BOOK REVIEWS
Assistive Technology for Students Who Are Blind or Visually Impaired: A Guide to Assessment, by Presley & D'Andrea. Reviewed by Karyl Loux—June 379–380

BOONE, WILLIAM C. "BILLY"
Death—May 318

BOWMAN, LINDSAY
Characteristics of Individuals with Congenital and Acquired Deaf-Blindness—February 93–102
Development and Psychometric Properties of a Standardized Assessment for Adults Who Are Deaf-Blind—January 7–16

BRAILLE
Acquisition of Literary Skills by Young Children Who Are Blind: Results from the ABC Braille Study—October–November 610–624
Braille and Revolution, Diderot and Enlightenment, and the Pursuit of Happiness—September 516–518
Braille Becomes Electric: The Trials and Triumphs of Braille Translation Software—July 389–391
Challenges and Solutions in Teaching Braille in an Online-Education Model—February 78–80
The Difference the Dots Make: A Personal History with Braille—April 196–198
Editor's Page—January 3, February 67, April 195, June 323, September 515
The Effect of Consistent Structured Reading Instruction on High and Low Literacy Achievement in Young Children Who Are Blind—October–November 594–609
Evaluating Training and Implementation of the Individualized Meaning-Centered Approach to Teaching Braille Literacy—March 150–161
Guest Editor's Page—August 451, October–November 579–580
Hand Movements and Braille Reading Efficiency: Data from the Alphabetic Braille and Contracted Braille Study—October–November 649–661
A History of Instructional Methods in Uncontracted and Contracted Braille—October–November 585–594
Husby Zoom Maps: A Design Methodology for Tactile Graphics—May 270–276
Increasing the Braille Reading Rate, by Foulke, October 1979, *JVIB*. Recommended by Sunggye Hong—April 247–248
Innovative Solutions for Words with Emphasis: Alternative Methods of Braille Transcription—October–November 709–721
An Investigation of Spelling in the Written Compositions

 ©2009 AFB, All Rights Reserved

of Students Who Read Braille—October–November 668–679
An Investigation of the Height of Embossed Braille Dots for Labels on Pharmaceutical Products—October–November 662–667
The Need for Braille Standards in University Preparation Programs—June 325–327
A Parent's Perspective on the Importance of Braille for Success in Life—May 261–263
Participation of Parents in the Early Exploration of Tactile Graphics by Children Who Are Visually Impaired—October–November 625–634
Past and Present Remembrances of Louis Braille—January 5–6, 64
The Quality of Brailled Instructional Materials Produced in Texas Public Schools—October–November 722–733
Reading Media Used by Higher-Education Students and Graduates with Visual Impairments in Greece—December 772–777
The Role of Hand Dominance in Beginning Braille Readers—October–November 705–708
Social Experiences of Beginning Braille Readers in Literacy Activities: Qualitative and Quantitative Findings of the ABC Braille Study—October–November 680–693
Special Issue on Literacy—October–November 577–736
Supporting Students' Literacy Through Data-Driven Decision-Making and Ongoing Assessment of Achievement—March 133–136
Teaching Adults to Read Braille Using Phonological Methods: Single-Case Studies—January 30–43
Unifying the English Braille Codes—October–November 581–583
Where's the Library? Teaching Braille Reading with a Meaning-oriented Focus—August 453–456

BRAILLE DEVICES
Reading Media Used by Higher-Education Students and Graduates with Visual Impairments in Greece—December 772–777

BRAILLE, LOUIS
Braille and Revolution, Diderot and Enlightenment, and the Pursuit of Happiness—September 516–518
Editor's Page—January 3, February 67, March 131, April 195, May 259
Guest Editors' Page—October–November 579–580
Past and Present Remembrances of Louis Braille—January 5–6, 64
Supporting Students' Literacy Through Data-Driven Decision-Making and Ongoing Assessment of Achievement—March 133–136

BRENNAN, SUSAN A.
Parents' Perceptions of Professional Support for the Emergent Literacy of Young Children with Visual Impairments—October–November 694–704

BRITCHER, TRINA R.
Motivation Through Preferred Activities—February 74–77

BRUCE, SUSAN M.
The Development of a Universal Tangible Symbol System—July 425–430

BURTON, DARREN M.
A Study of Multifunctional Document Centers That Are Accessible to People Who Are Visually Impaired—April 223–229

CAMPODONICO, FRANCESCA
A Wheelchair User with Visual and Intellectual Disabilities Managing Simple Orientation Technology for Indoor Travel—May 308–313

CANADA
Characteristics of Individuals with Congenital and Acquired Deaf-Blindness—February 93–102

CAPUTO, JENNIFER L.
Physical Activity, Body Composition, and Perceived Quality of Life of Adults with Visual Impairments—January 17–29

CARTER, ALICE P.
Hope and Social Support in Adults Who Are Legally Blind at a Training Center—August 500–504

CASCELLA, PAUL W.
The Development of a Universal Tangible Symbol System—July 425–430

CERTIFICATION
A Three-phase Qualitative Study of Dual-Certified Vision Education Professionals in the Southwestern United States—June 354–366

CHEN, DEBORAH
Home Environments and Perceived Needs of Anglo and Latino Families of Young Children with Visual Impairments—September 531–542

CHILDREN
The Development of a Universal Tangible Symbol System—July 425–430
The Effect of Consistent Structured Reading Instruction on High and Low Literacy Achievement in Young Children Who Are Blind—October–November 594–609
Experiences of Parents with Visual Impairments Who Are Raising Children—February 81–92
Home Environments and Perceived Needs of Anglo and Latino Families of Young Children with Visual Impairments—September 531–542
The Impact of War and Economic Sanction on the Incidence of Retinopathy of Prematurity in Serbia—March 162–172
Parents' Perceptions of Professional Support for the Emergent Literacy of Young Children with Visual Impairments—October–November 694–704
Participation of Parents in the Early Exploration of Tactile Graphics by Children Who Are Visually Impaired—October–November 625–634
Stereotyped Movements Among Children Who Are Visually Impaired—December 753–765
Teaching Jump Rope to Children with Visual Impairments—March 173–178

CLARK-BISCHKE, CHRISTINE
An Investigation of Spelling in the Written Compositions of Students Who Read Braille—October–November 668–679

COLENBRANDER, AUGUST
The Functional Classification of Brain Damage–Related Vision Loss—February 118–123

©2009 AFB, All Rights Reserved

COLLEGES AND UNIVERSITIES
The Need for Braille Standards in University Preparation Programs—June 325–327

COMMENTS
Looking Backward to Move Forward—August 452

COMMUNICATION SKILLS
Characteristics of Individuals with Congenital and Acquired Deaf-Blindness—February 93–102
The Development of a Universal Tangible Symbol System—July 425–430

COMPUTERS
Accessibility of e-Learning and Computer and Information Technologies for Students with Visual Impairments in Postsecondary Education—September 543–557
Reading Media Used By Higher-Education Students and Graduates with Visual Impairments in Greece—December 772–777
Tactile Classification of Traditional and Computerized Media in Three Adolescents Who Are Blind—July 430–435

CRAWFORD, SHAUNA
Teaching Adults to Read Braille Using Phonological Methods: Single-Case Studies—January 30–43

CRUDDEN, ADELE
Factors Affecting the Successful Employment of Transition-Age Youths with Visual Impairments—June 329–341

CURTIS, AMY
Drop-Off Detection with the Long Cane: Effects of Different Cane Techniques on Performance—September 519–530
Methods of Reading Information on Labels of Prescription Medications by Persons Who Are Visually Impaired—May 303–308

DALBY, DAWN M.
Characteristics of Individuals with Congenital and Acquired Deaf-Blindness—February 93–102
Development and Psychometric Properties of a Standardized Assessment for Adults Who Are Deaf-Blind—January 7–16

D'ANDREA, FRANCES MARY
Acquisition of Literary Skills by Young Children Who Are Blind: Results from the ABC Braille Study—October–November 610–624
A History of Instructional Methods in Uncontracted and Contracted Braille—October–November 585–594
The Need for Braille Standards in University Preparation Programs—June 325–327

DEAF-BLINDNESS
Characteristics of Individuals with Congenital and Acquired Deaf-Blindness—February 93–102
Development and Psychometric Properties of a Standardized Assessment for Adults Who Are Deaf-Blind—January 7–16
Editor's Page—January 3, February 67, May 259
Emergent Literacy Supports for Students Who Are Deaf-Blind or Have Visual and Multiple Impairments: A Multiple-case Study—May 291–302
Orientation and Mobility with Persons Who Are Deaf-Blind: An Initial Examination of Single-Subject Design Research—June 372–377
Unique Considerations for Assessing the Learning Media of Students Who Are Deaf-Blind—April 241–245

DEATHS
Death—January 49–50; May 318; July 440, 442; December 779

DEGENHARDT, SVEN
Prevalence of Visual Impairments in Adults with Cognitive and Developmental Disabilities in a Sheltered Workshop in Germany—July 415–424

DEMOGRAPHICS
Demographics of Vision Loss in the United States: Dealing with Definitions—March 185–186

DEVELOPMENTAL DISABILITIES
Prevalence of Visual Impairments in Adults with Cognitive and Developmental Disabilities in a Sheltered Workshop in Germany—July 415–424

DE WITTE, LUC P.
The Impact of Electronic Mobility Devices for Persons Who Are Visually Impaired: A Systematic Review of Effects and Effectiveness—December 743–753

DISABILITY ISSUES
Factors Affecting the Successful Employment of Transition-Age Youths with Visual Impairments—June 329–341
Knowledge and Skills for Teachers of Students with Visual Impairments Supervising the Work of Paraeducators—August 481–494
Universal Design: Online Educational Media for Students with Disabilities—August 495–500

DIVERSITY
Home Environments and Perceived Needs of Anglo and Latino Families of Young Children with Visual Impairments—September 531–542

DOTE-KWAN, JAMIE
Home Environments and Perceived Needs of Anglo and Latino Families of Young Children with Visual Impairments—September 531–542

DOUGLAS, GRAEME
An Investigation of the Height of Embossed Braille Dots for Labels on Pharmaceutical Products—October–November 662–667

DOW, KATHERINE
The Effect of an Educational Program for Persons with Macular Degeneration: A Pilot Program—April 234–240

DREER, LAURA E.
Family Functioning and Low Vision: A Systematic Review—March 137–149

DRUGS, PRESCRIPTION
An Investigation of the Height of Embossed Braille Dots for Labels on Pharmaceutical Products—October–November 662–667
Methods of Reading Information on Labels of Prescription Medications by Persons Who Are Visually Impaired—May 303–308

DUEMER, LEE
A Three-phase Qualitative Study of Dual-Certified Vision Education Professionals in the Southwestern United States—June 354–366

Supporting Students' Literacy Through Data-Driven Decision-Making and Ongoing Assessment of Achievement—March 133–136
Universal Design: Online Educational Media for Students with Disabilities—August 495–500
Use of Assistive Technology by Students with Visual Impairments: Findings from a National Survey—August 470–480
Where's the Library? Teaching Braille Reading with a Meaning-oriented Focus—August 453–456

SULLIVAN, JOE
Braille Becomes Electric: The Trials and Triumphs of Braille Translation Software—July 389–391

SUPPORT GROUPS
Hope and Social Support in Adults Who Are Legally Blind at a Training Center—August 500–504
Prevalence of Visual Impairments in Adults with Cognitive and Developmental Disabilities in a Sheltered Workshop in Germany—July 415–424
Social Support in the Workplace for Working-Age Adults with Visual Impairments—July 393–402

SURVEYS
Assistive Technology in Teacher-Training Programs: A National and International Perspective—September 562–568
Editor's Page—March 131
A Survey of Daily Trips of Persons Who Are Visually Impaired Living in Communities in Japan—December 766–772
Use of Assistive Technology by Students with Visual Impairments: Findings from a National Survey—August 470–480

SUVINO, DAWN
Collaborative Outcome Measurement: Development of the Nationally Standardized Minimum Data Set—June 342–353

SWENSON, ANNA M.
Where's the Library? Teaching Braille Reading with a Meaning-oriented Focus—August 453–456

SYNTHETIC SPEECH
Perception of Synthetic and Natural Speech by Adults with Visual Impairments—July 403–414

TACTILE GRAPHICS
Guest Editors' Page—October–November 579–580
A History of Instructional Methods in Uncontracted and Contracted Braille—October–November 585–594
Participation of Parents in the Early Exploration of Tactile Graphics by Children Who Are Visually Impaired—October–November 625–634

TACTILE MAPS
Does Knowledge of Spatial Configuration in Adults with Visual Impairments Improve with Tactile Exposure to a Small-scale Model of Their Urban Environment?—April 199–209
Husby Zoom Maps: A Design Methodology for Tactile Graphics—May 270–276
Traveling by Touch: How Useful Are Tactile Maps?—May 265–266

TACTILE PERCEPTION AND SKILLS
Does Knowledge of Spatial Configuration in Adults with Visual Impairments Improve with Tactile Exposure to a Small-scale Model of Their Urban Environment?—April 199–209
Editor's Page—July 387
Hand Movements and Braille Reading Efficiency: Data from the Alphabetic Braille and Contracted Braille Study—October–November 649–661
An Investigation of Spelling in the Written Compositions of Students Who Read Braille—October–November 668–679
A Parent's Perspective on the Importance of Braille for Success in Life—May 261–263
Participation of Parents in the Early Exploration of Tactile Graphics by Children Who Are Visually Impaired—October–November 625–634
The Role of Hand Dominance in Beginning Braille Readers—October–November 705–708
Social Experiences of Beginning Braille Readers in Literacy Activities: Qualitative and Quantitative Findings of the ABC Braille Study—October–November 680–693
Tactile Classification of Traditional and Computerized Media in Three Adolescents Who Are Blind—July 430–435

TAIWAN
Space Unseen: A Case Study of Renovations to a Shared Living Space by Four People with Visual Impairments in Taiwan—September 568–573

TEACHERS
Assistive Technology Competencies for Teachers of Students with Visual Impairments—August 457–469
Assistive Technology in Teacher-Training Programs: A National and International Perspective—September 562–568
Emergent Literacy Supports for Students Who Are Deaf-Blind or Have Visual and Multiple Impairments: A Multiple-case Study—May 291–302
Expanded Core Curriculum: 12 Years Later—February 103–112
A History of Instructional Methods in Uncontracted and Contracted Braille—October–November 585–594
Knowledge and Skills for Teachers of Students with Visual Impairments Supervising the Work of Paraeducators—August 481–494
The Need for Braille Standards in University Preparation Programs—June 325–327
Teaching Jump Rope to Children with Visual Impairments—March 173–178
A Three-phase Qualitative Study of Dual-Certified Vision Education Professionals in the Southwestern United States—June 354–366

 ©2009 AFB, All Rights Reserved

TECHNOLOGY
Accessibility of e-Learning and Computer and Information Technologies for Students with Visual Impairments in Postsecondary Education—September 543–557

TESTS AND TESTING
Collaborative Outcome Measurement: Development of the Nationally Standardized Minimum Data Set—June 342–353
Development and Psychometric Properties of a Standardized Assessment for Adults Who Are Deaf-Blind—January 7–16
Teaching Adults to Read Braille Using Phonological Methods: Single-Case Studies—January 30–43

TEXAS
The Quality of Brailled Instructional Materials Produced in Texas Public Schools—October–November 722–733

THEATER
"Suit the Action to the Word, the Word to the Action": An Unconventional Approach to Describing Shakespeare's Hamlet—March 178–183

THIS MATTERED TO ME
Impact of Curb Ramps on the Safety of Persons Who Are Blind, by Bentzen & Barlow, July–August 1995, *JVIB*. Recommended by Dona Sauerburger—July 437–439
Increasing the Braille Reading Rate, by Foulke, October 1979, *JVIB*. Recommended by Sunggye Hong—April 247–248

THOMAS, KIMBERLY
The Effect of an Educational Program for Persons with Macular Degeneration: A Pilot Program—April 234–240

TJAM, ERIN Y.
Characteristics of Individuals with Congenital and Acquired Deaf-Blindness—February 93–102
Development and Psychometric Properties of a Standardized Assessment for Adults Who Are Deaf-Blind—January 7–16

TRAINING
Evaluating Training and Implementation of the Individualized Meaning-Centered Approach to Teaching Braille Literacy—March 150–161

TRANSITION SKILLS
Factors Affecting the Successful Employment of Transition-Age Youths with Visual Impairments—June 329–341

TRANSLATIONS
Braille Becomes Electric: The Trials and Triumphs of Braille Translation Software—July 389–391

TRAVEL
Design of a Map and Bus Guide to Teach Transferable Public Transit Skills—May 267–270
Does Knowledge of Spatial Configuration in Adults with Visual Impairments Improve with Tactile Exposure to a Small-scale Model of Their Urban Environment?—April 199–209
Drop-Off Detection with the Long Cane: Effects of Different Cane Techniques on Performance—September 519–530
Editor's Page—May 259
Filling the Gaps for Indoor Wayfinding—April 229–234
Impact of Curb Ramps on the Safety of Persons Who Are Blind, by Bentzen & Barlow, July–August 1995, *JVIB*. Recommended by Dona Sauerburger—July 437–439
The Impact of Electronic Mobility Devices for Persons Who Are Visually Impaired: A Systematic Review of Effects and Effectiveness—December 743–753
A Survey of Daily Trips of Persons Who Are Visually Impaired Living in Communities in Japan—December 766–772
Traveling by Touch: How Useful Are Tactile Maps?—May 265–266
A Wheelchair User with Visual and Intellectual Disabilities Managing Simple Orientation Technology for Indoor Travel—May 308–313

TRIEF, ELLEN
The Development of a Universal Tangible Symbol System—July 425–430

UDO, JOHN PATRICK
"Suit the Action to the Word, the Word to the Action": An Unconventional Approach to Describing Shakespeare's Hamlet—March 178–183

UNITED KINGDOM
Unifying the English Braille Codes—October–November 581–583

UNITED STATES
Unifying the English Braille Codes—October–November 581–583

USLAN, MARK M.
A Study of Multifunctional Document Centers That Are Accessible to People Who Are Visually Impaired—April 223–229

VAIL, HELEN
The Need for a Uniform Method of Recording and Reporting Functional Vision Assessments—June 367–371

VIOLENCE
The Impact of War and Economic Sanction on the Incidence of Retinopathy of Prematurity in Serbia—March 162–172

VUKICEVIC, MERI
Eccentric Viewing Training in the Home Environment: Can It Improve the Performance of Activities of Daily Living?—May 277–290

WADLEY, VIRGINIA
Family Functioning and Low Vision: A Systematic Review—March 137–149

WALL, SIR JOHN
Death—January 49–50

WALL EMERSON, ROBERT
Acquisition of Literary Skills by Young Children Who Are Blind: Results from the ABC Braille Study—October–November 610–624
Drop-Off Detection with the Long Cane: Effects of Different Cane Techniques on Performance—September 519–530
The Effect of Consistent Structured Reading Instruction on High and Low Literacy Achievement in Young Children Who Are Blind—October–November 594–609

 ©2009 AFB, All Rights Reserved

WAYFINDING
Editor's Page—April 195
Filling the Gaps for Indoor Wayfinding—April 229–234

WESTON, ANNETTE
An Investigation of the Height of Embossed Braille Dots for Labels on Pharmaceutical Products—October–November 662–667

WHITTAKER, JENNIFER
An Investigation of the Height of Embossed Braille Dots for Labels on Pharmaceutical Products—October–November 662–667

WILD, TIFFANY
Policy Analysis of Science-based Best Practices for Students with Visual Impairments—February 113–117

WILKINS, SARAH MORLEY
An Investigation of the Height of Embossed Braille Dots for Labels on Pharmaceutical Products—October–November 662–667

WITTENSTEIN, STUART H.
Braille and Revolution, Diderot and Enlightenment, and the Pursuit of Happiness—September 516–518
This Mattered to Me—April 247–248, July 437–439

WOLFORTH, JOAN
Accessibility of e-Learning and Computer and Information Technologies for Students with Visual Impairments in Postsecondary Education—September 543–557

WORMSLEY, DIANE P.
The Effect of Consistent Structured Reading Instruction on High and Low Literacy Achievement in Young Children Who Are Blind—October–November 594–609
Evaluating Training and Implementation of the Individualized Meaning-Centered Approach to Teaching Braille Literacy—March 150–161
Hand Movements and Braille Reading Efficiency: Data from the Alphabetic Braille and Contracted Braille Study—October–November 649–661

WRIGHT, TESSA
Hand Movements and Braille Reading Efficiency: Data from the Alphabetic Braille and Contracted Braille Study—October–November 649–661
The Role of Hand Dominance in Beginning Braille Readers—October–November 705–708

WRITING SKILLS
Acquisition of Literary Skills by Young Children Who Are Blind: Results from the ABC Braille Study—October–November 610–624
The Difference the Dots Make: A Personal History with Braille—April 196–198
The Effect of Consistent Structured Reading Instruction on High and Low Literacy Achievement in Young Children Who Are Blind—October–November 594–609
Guest Editors' Page—October–November 579–580
A History of Instructional Methods in Uncontracted and Contracted Braille—October–November 585–594
Innovative Solutions for Words with Emphasis: Alternative Methods of Braille Transcription—October–November 709–721
An Investigation of Spelling in the Written Compositions of Students Who Read Braille—October–November 668–679
Parents' Perceptions of Professional Support for the Emergent Literacy of Young Children with Visual Impairments—October–November 694–704

YAYLA, LISA
Husby Zoom Maps: A Design Methodology for Tactile Graphics—May 270–276

ZABELSKI, MARY
A Parent's Perspective on the Importance of Braille for Success in Life—May 261–263

ZHOU, LI
Assistive Technology in Teacher-Training Programs: A National and International Perspective—September 562–568

Statement of Ownership, Management, and Circulation

1. **Publication Title:** ***Journal of Visual Impairment & Blindness.*** 2. Publication Number: 0145-482X. 3. Filing Date: November 30, 2009. 4. Issue Frequency: Monthly. 5. Number of Issues Published Annually: 12. 6. Annual Subscription Price: (See masthead). 7. Office of Publication: American Foundation for the Blind, 2 Penn Plaza, Suite 1102, New York, NY 10121. 8. Headquarters or General Business Office of Publisher: AFB Press, American Foundation for the Blind. 9. Publisher, Editor, and Managing Editor: Publisher, AFB Press, American Foundation for the Blind; Editor, Duane R. Geruschat, Ph.D., Lions Vision Center, 550 North Broadway, 6th Floor, Baltimore, MD 21205; Managing Editor, Rebecca Burrichter, AFB Press, American Foundation for the Blind. 10. Owner: AFB Press, American Foundation for the Blind. 11. Known Bondholders, Mortgagees, and Other Security Holders: None. 12. Tax Status: Has not changed. 13. Publication Title: *Journal of Visual Impairment & Blindness*. 14. Issue Date for Circulation Data Below: September 2008. 15. Extent and Nature of Circulation: a. Total Number of Copies (Net press run): Average No. Copies Each Issue During Preceding 12 Months, 932; No. Copies of Single Issue Published Nearest to Filing Date, 758. b. Paid and/or Requested Circulation, (1) Paid/Requested Outside-County Mail Subscriptions: Average No., 728; Issue No., 610; (2) Paid In-County Subscriptions: Average and Issue No., 0; (3) Sales Through Non-USPS Paid Distribution: Average and Issue No., 0; (4) Other Classes Mailed Through the USPS: Average and Issue No., 0. c. Total Paid and/or Requested Circulation: Average No., 728; Issue No., 610. d. Free Distribution by Mail, (1) Outside-County: Average No., 56; Issue No., 49; (2) In-County: Average and Issue No., 0. (3) Other Classes Mailed Through the USPS: Average and Issue No., 0; (4) Free or Nominal Rate Distribution Outside the Mail: Average No., 65; Issue No., 49. e. Total Free Distribution Outside the Mail: Average No., 121; Issue No., 98. f. Total Distribution: Average No., 849; Issue No., 708. g. Copies not Distributed: Average No., 83; Issue No., 50. h. Total: Average No., 932; Issue No., 758. i. Percent Paid: Average No., 86%; Issue No., 86%. *Signed Rebecca Burrichter, senior editor,* JVIB, *November 30, 2008*
